

11th June 2024

Dear Parents/Carers,

We are very pleased to announce that Mr Hannah will continue to be the Head of Pelynt in September.

He has found it a pleasure getting to know the school and is very much looking forward to being a more established member of the team. Mr Hannah will continue to be Head at Duloe as well and will divide his time equally between both schools.

As having a shared Head across Duloe and Pelynt will be a different style of leadership, we will review the structure at the end of the next academic year. It is essential that this approach works for the children and staff at both Duloe and Pelynt. We believe that there are many opportunities where the children from both schools will be able to collaborate and share experiences.

Mr Hannah is very much looking forward to working with you all to make sure we deliver the best outcomes for our children.

The appointment also allows us to finalise class structures for the next academic year:

Pre- School, for children 2 years and above (until they join Reception), will continue to be managed by Mrs Rickard and Mrs Gravener.

'Lantic Class', which will include children from Reception and Year 1, will be taught by Mrs Horn (3 days) and Mrs Forbes (2 days). As it stands, there are 20 children in the class.

'Talland Class', which will include children from Year 2, Year 3 and Year 4, will be taught by Mr Knight and Mr Knight's PPA cover will be carried out by Mr Hannah. As it stands, there are 27 children in the class.

'Lansallos Class', which will include children from Year 5 and Year 6, will be taught by Ms Porter and Ms Porter's PPA cover will be carried out by Mr Hannah. As it stands, there are 26 children in the class.

We fully appreciate that there has been a significant period of uncertainty for the school, but we are now in a position that is more stable and as always, totally committed to delivering the best for your children.

Best wishes,

Adrian Massey
Chief Executive

Louise Gilbert
Deputy Chief Executive

Sarah Sanson
Area Executive Head for Pelynt
